WHY WORK WITH US?

We've been unlocking Kiwi potential since 1987.

We believe that a knowledgeable and efficient workforce is a key differentiator in this time of rapid and continuous change. Our goal is to provide your team with the knowledge and the skills they need so your investment in technology and people creates competitive advantage in the marketplace.

Our depth and breadth of experience means we understand what matters most to organisations and individual learners when it comes to getting maximum value from their training investment. Our trainers are experts in their fields with real life business experience to back up their technical know-how. Your investment is in safe hands.

Our experience

- We work with organizations, government sectors and commercial businesses throughout New Zealand, many of which are within NZ's Top 200 Performers.
- We employ specialized trainers who have a range of skills and real business experience to back up their technical know-how.
- We've been in business since 1987 and have upskilled more than 400,000 Kiwis to date,

We invest in...

- Our people, to keep them at the top of the game.
- Our clients to create successful, enduring relationships.
- R&D, to ensure the solutions we supply are market leading.
- Ensuring you get the most out of your training investment.
- Our partner and vendor relationships.

Our values

We believe that the way we work is just as important as what we deliver and our core values are grounded in our culture, employee relationships, and in our relationships with our customers.

Communication

Clear, honest and transparent communication at each and every touch-point - with customers and employees alike.

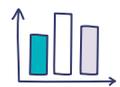

Execution

Deliver on our promises and do what we say we will. We believe if a job is worth doing, it's worth doing it well.

Automation

Don't make life hard for ourselves or our customers. Create slick tools and processes and make it easy for people to train and do business with us

Better Every Day

We care about ROI - yours and ours. We don't rest on our laurels and we're big on seeking and actioning feedback. If something can be improved, we're on it!

WHAT WE DO

Our core service is to provide training to all market segments of the NZ business market. We've trained in excess of 400,000 people and continue to train many thousands of New Zealanders per annum.

We recognise that often a one size fits all approach doesn't cut it. We pride ourselves on creating innovative, flexible training solutions for individuals and organisations that make learning as accessible and engaging as possible. We're happy to customise our approach to reflect the nuances unique to your business and staff requirements and our expert trainers work hard to bring our course material to life with easy to understand, relatable examples and real-life applications.

What we offer

Solutions

A range of solutions to fit your needs and budget. We also offer our know-how to support corporate days/seminars and a bespoke consultancy service. Tell us what you need, and we can help.

Learning and Development

Whether it's Training Needs Analysis, Training and Budget Management, Skills Gap Analysis, Work Readiness training, we've got a training solution for every situation.

Room Hire

Seeking a computer lab or meeting room to provide your own training? No problem we have options for this as well.

Authorised Testing Centres

Certification makes you more marketable and gives you the credentials to land your dream job. We have authorised testing centres available throughout the country.

Vouchers

Training Vouchers

Purchase training vouchers to be redeemed at a later date against the required courses.

Certification Exam Vouchers

Looking to make it official? Validate your skills and give yourself the edge.

Digital Transformation

We provide the perfect blend of technical training and business expertise to support your organisation's journey of digital transformation.

Transition to the Cloud

A tailored package of services hand-picked to help you seamlessly move from an on premise solution to the cloud.

Skills Assessment

How can you ensure you sign up for the right course and learn the right things? Our handy skills assessment tool is a great place to start - helping you understand your current skill level, pick the right course and gauge what you've learned.

The course content was really helpful. I went from having a basic understanding of Power BI to advanced. This course has made me think in depth what and how I can use Power BI in my day to day work. Highly helpful.

Cassandra - Analyzing Data with Power BI

OUR TRAINING DELIVERY METHODS

We appreciate everyone needs to access training in a way that suits their own individual circumstances and learning preferences. With ACE, you can choose the way you want to learn.

In class

Face to Face instructor led learning at one of our fully equipped training centres around NZ. With courses covering Microsoft Apps, Project Management, Adobe, AWS and more - you'll find a course to suit.

Blended

Our Blended courses are a flexible mix of self-led online study, with the extra benefit of expert coaching and support. They include exam prep and an exam voucher to get certified.

Virtual

Join one of our courses remotely and enjoy interactive, instructor led learning in a group without even needing to leave the house.

Online

Complete online e-modules at your own pace around your existing commitments.

ACE Consulting Solutions

We're here to help your people and business grow. Take a look at our B2B services.

Fast-Track training paths

A great way to quickly up-skill a new recruit or plug a skills-gap in your business. Our streamlined Fast-Track training paths empower people with all the essentials skills they need to thrive in their new role. Many of the courses also include the opportunity to gain globally recognised certifications.

M365 Apps and Adoption

We'll work with you to create a bespoke SharePoint and Teams environment that's fit for purpose, secure and user-friendly - and train your team how to use it effectively. Helping overcome user adoption issues and ensuring a greater ROI on your investment in technology.

Power Bi Subscriptions

The data you have and the way you use it can transform your business. Pick the level of support you need from our consulting options and together we'll uncover the information that matters most - and create the tools and reporting you need to harness the power of your data.

Recruit + Train

Access to skilled tech talent has never been more important and more challenging. Businesses that want to keep growing, may need to change the way they recruit for tech skills. Let us lighten your load and remove some of the financial risk from your tech recruitment process with our end to end recruitment and training solutions - all for less \$ than you might think.

Great course and worked really well especially as we were all remote. I think having a small amount of people on the course was key.

Stephanie
